

Downloading and using the MyLife MyFinance Mobile Banking App

- Downloading the MyLife MyFinance Mobile Banking App is easy. Simply go to the Apple App store for iOS (Apple devices) or the Google Play store for Android devices, such as Samsung, Oppo, HTC or Huawei.
- To use the app, you must be already registered for Internet Banking. If you haven't already done this, simply register [here](#).
- Once you reach the App store, simply search for MyLife MyFinance. Once located, you can install the app on your mobile device.
- If you experience any difficulties please contact our team on **03 9629 4484**. We're open 8.30am – 4.30pm AEST / AEDT Monday – Friday.

Step One	
<p>Locate the app store on your mobile device.</p>	 <p>Apple App store</p>  <p>Google Play store</p>
Step Two	
<p>Search for MyLife MyFinance and then select install / Get.</p>	

Step Three

Once installed, the app will be visible on your mobile device.

Step Four

You can now proceed with entering your Internet Banking User ID and password.

You must be registered for Internet Banking before being able to use the mobile app.
